

# AccuCab™

## Automated Tool Management

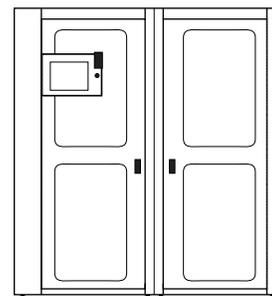

The AccuCab is an automated solution allowing authorized users to efficiently access and return the tools they need without hindering workflow. There is no inventory to scan or transactions to log. This device utilizes RFID technology paired with CribMaster software to provide real-time monitoring for your RFID-tagged assets as they are issued and returned. The system provides greater visibility so a proactive approach may be taken if items are not properly returned.

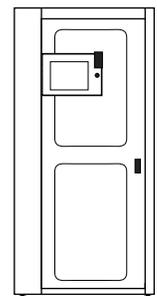

- Monitor calibration schedules and tool inspection processes
- Simple touchscreen interface
- Reduce safety risks of lost or misplaced tools
- Decentralized tool storage

## AccuCab Configurations

Just as in the WeighStation and the Hybrid AccuCab, the AccuCab has clear pull-out shelving for easy access, and the shelf placement is customizable providing ample space to house different-sized inventory. Wheels and leveling feet are standard for easy movement.

Double Main

Single Main

## Suggested Inventory Types

The Hybrid AccuCab is ideal for storing durable items such as:

- Hand tools
- Power tools
- Kits

## Shelf Configurations

- Single Main comes standard with 4 shelves.
- Double Main comes standard with 8 shelves.
- Maximum shelf capacity is 200 lbs / 90.72 kg.
- Additional shelves available.
- Each shelf height is adjustable.
- Each shelf is 29.5 in / 74.93 cm deep and 23.75 in / 60.33 cm wide.

## Accessories

- Various RFID scanners used for tool tagging assignment.
- AccuCheck to optimize RFID tag performance.
- Industrial RFID printers for printing and encoding disposable RFID labels.

### RFID Tag Solutions

AccuCab RFID technology employs passive traceable tags that are adhered to various types of tools. RFID tags come in a variety of durabilities, shapes, and sizes and are used based on the tool's shape, size, and surface material.

Tag Type	Item Type
Metal mount tag	Durable items
Non-metal mount tag	Consumables and durables
Cord mount tag	Corded power tools and cables
Hang tag	Consumables and durables
Smart label	Consumables

## AccuCab Specs

### Single Main Exterior Dimensions

Height	82.71 in	210.08 cm
Width	38 in	96.52 cm
Depth	35.5 in	90.17 cm

### Double Main Exterior Dimensions

Height	82.71 in	210.08 cm
Width	72 in	182.88 cm
Depth	35.5 in	90.17 cm

### Weight\*

Single Main	450 lbs	204 kg
Double Main	950 lbs	431 kg

### Power Requirements

Amps	2	1 (EU)
Voltage	120	230 (EU)

### Operating Environment

Temperature	32°F to 95°F	0°C to 35°C
Humidity	20% to 85% (no condensation)	

### Technical Info

CE Compliant
